Philippine Biotechnology Venture SUMMIT

Learn with the Best: Biotech Entrepreneurship and Investment

The Philippine Biotechnology Venture Summit, the Philippines' pioneering and premier international conference on biotechnology enterprise and investment, is an important industry event that will equip you with the up-to-date industry information and resources you need to succeed.

More affordable than ever before!

	Daily	Full
Industry		
Pre-registration	2750	5000
Walk-in	3250	6000
Academics/Students	2250	4000

REASONS WHY YOU CAN'T AFFORD TO MISS THE SUMMIT:

The Summit Offers In-Depth and Focused Conference Topics on Acquiring Investment. In just three (3) days, over 20 speakers renowned in their respective fields will present and discuss the areas of greatest importance and interest in biotech entrepreneurship. In addition, the conference schedule of topics has been optimized to accommodate networking with your industry peers.

The Summit Has An Exhibition Offering the Latest Technologies and Products. If you're looking for investment opportunities, the Summit offers the best array of exhibitors and products. Or if you're looking for new markets for your product, the Summit exhibit gives you a focused market for your display.

The Summit Is A Valuable Place to Network With Your Peers. No other conference can give you this unique networking opportunity, one that gives you access to key companies and academic institutions in the Philippines during and after the Summit. Add Summit-exclusive access to executives, scientists, and academics, and you have a wonderful opportunity for limitless networking and learning opportunities!

The Summit Gives You Insights to Improve Business. Learn how to avoid startup mistakes that can kill your business; reduce cost and attrition in order to streamline your business and make it more profitable; discover the value of innovation and how to make it work for you; and learn from high-tech business models.

The Summit Shows You How to Bridge the Gap Between Science and Enterprise. Put your scientific data to use; find out how to commercialize research and development (R&D) with sessions geared towards guiding you in your business endeavors.

The Summit Gives You Superior Value For Your Money. Thanks to the support and sponsorship of several prestigious organizations and companies, the Summit opens its doors to more participants and increases its reach to give you more opportunities for networking. In addition, all participants who avail themselves of the full Summit conference package receive a complimentary and exclusive charter membership to PRIMER (The Philippine Biotech Venture Network).
